wolf love

****Thanksgiving****

Chapter 1

*****la push*****

It's two weeks before Thanksgiving on the beach of la push (a/n: you know what that means hungry werewolf's/shape shifters). "SAM you home?" yells Paul and Jacob with the rest of the pack behind them. "On my way down" Sam yells back at his pack. "Come on let's go down to the beach I've been itching for the waves" jarred wined "hey lets cliff diving we haven't done that in weeks" said Embrey "well what are we waiting for?" said the rest of the pack.

*****Australia*****

"CLEO WAKE UP! You have ten minutes to get to the airport" yelled Kim and with that last word Cleo shot up ran to her bathroom. Thanks Kim and don't ever do that again Thinking about how she is going to meet her new dad and brother for the first time she is happy her mom found the man of her dreams even though she wished it was her dad instead of Billy. But she was still happy for her mom but she was so sad she was leaving her best friends and Lewis so she begged her mom to let Rikki and Emma come along to help get settled in to the small town of Forks.

*****la push*****

It has been an hour of shouting and yelling as the boys went cliff diving without a care in the world. "So Jake how does it feel having a girl coming to live with you?" Paul said with a smirk. "Honestly I'm glad my dad is happy, but I've been so used to it being just me and my dad that I don't know if I can deal with a girl in my life should I be the overprotective brother or the cool get away with anything brother?" Jacob spat out he was so not ready for this. "Well you should take it slow get to know her" was all Sam could say when he heard a noise in the forest. He had "the don't say anything look on his face" when the guys said "what's wrong?" Seth said "I just heard a scream." Sam replied in a stern voice.
